  - Enrolling patients

# TAC ALLIED HEALTH VALUE-BASED HEALTHCARE CHANGE PILOT

Allied Health Professions Australia (AHPA) have been awarded a TAC Value-Based Health Care (VBHC) Grant to create:

a replicable, scalable model of VBHC change for allied health practitioners.

#### This model will focus on:

- preparing practices to partner with patients to improve patient experience outcomes; and
- demonstrate that supporting VBHC capability innovation and growth leads to long-lasting change outcomes for allied health professionals.

## TAC ALLIED HEALTH VALUE-BASED HEALTHCARE CHANGE PILOT

#### What is Value Based Healthcare (VBHC)?

- VBHC is a model of healthcare delivery that focuses on improving patient outcomes and reducing costs of care delivery.
- To implement VBHC, practitioners, start capturing patient-reported outcomes measures (PROMs) and patient-reported experience measures (PREMs).

#### VBHC is critical to all areas of practice:

but until now, pilots have largely taken place in public hospitals.

#### This project will allow allied health practitioners to develop:

- the skills and assessment measures needed to transform their private practices, and
- the confidence to implement this model as multi-disciplinary care becomes increasingly common in primary care.

### TAC ALLIED HEALTH VALUE-BASED HEALTHCARE CHANGE PILOT

#### The Research Project Team

- Allied Health Professionals Australia Chief Investigator
  - Project Vision and Objectives; Budgeting and Funding; Stakeholder Engagement; Collaboration with the Project Manager; Decision-Making Authority; Project Closure and Knowledge Transfer etc.
- Patient Experience Agency Project Planning & Administration
  - Risk Management; Quality Assurance; Training and Support; Data Management; Reporting and Analysis etc.
- Other project team members include:
  - A change management leader; a practicing psychologist.
- A working group including consumer representatives and seeking representation from indigenous and CALD communities.

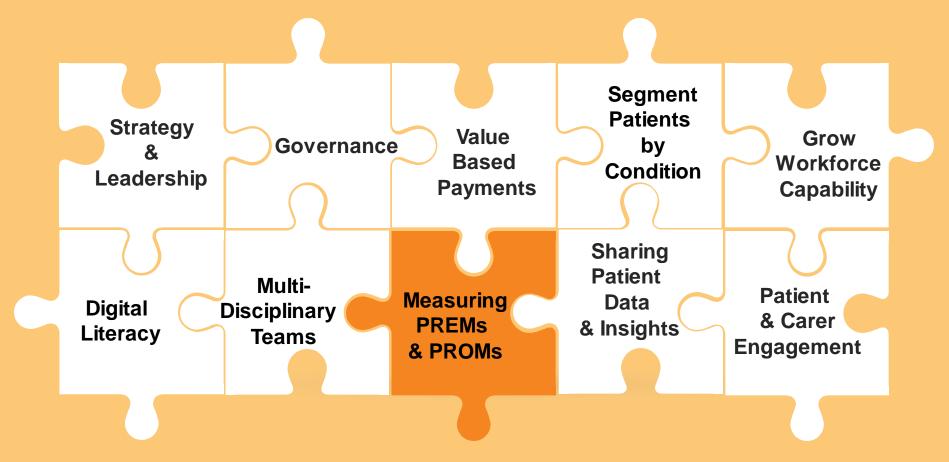

#### **Program Details**

## Implementing a value-based healthcare delivery model has many components.

### **Project Overview**

- Test a robust change methodology across disciplines that is broadly based on VBHC
- Focused on pre-selected patient segment: rehabilitation patients
- Hypothesis that starting with PREMs and PROMs provides a foundation in measurement from which to then begin making other improvement to the service delivery to improve patient outcomes

#### **The Project Elements:**

1.
Control
Group
(10)

**Enrol Patients & Use data** 

Active
Participation
Group
(10)

Undertake 10 hours of training Enrol patients, Use data Attend support sessions **ALL** 

Record data & measure change

All participants will complete surveys to track progress and understanding

### The program overview

0	STAGE 1	STAGE 2	STAGE 3	STAGE 4	STAGE 5	STAGE 6
Now	Dec-Jan 2024	Feb-Mar	April - June	July - Sep	End Oct	Nov '24
Set up	Kick off Training	Readying for Change: Recruit Patients & PREMs & PROMs Collection	Making Change:  Recruit Patients, PREMs & PROMs and use data with patients	Embedding Change:  Recruit Patients, PREMs & PROMs and use data with patients	Celebrating Change  Project wrap up, end data collection	Reporting

### **Project Timeline**

TAC VBHC Project Timeline	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov
Stage 0 - Project Mobilisation													
Stage 1 – Project Preparation & Recruitment													
Stage 2 – Readying for Change & Knowledge Sharing													
Stage 3 – Making Change: Implementing PX Action Plans													
Stage 4 – Embedding and Maturing Change													
Stage 5 – Continuous Improvement, Monitoring & Evaluation													
Stage 6 – Reporting, Celebrating success & Sustaining Change													

#### **Survey Instruments**

#### **Patients will complete:**

- Patient Reported Outcome Measure: EQ-5D
- Patient Reported Experience Measure NSW Health PREM

#### **Practitioners will complete:**

- PX Maturity Assessment how your delivery changes (3 times)
- PX Pulse Survey (regularly upto 10 times during the program)
- Overall program evaluation (1 time at the end)

### **Group 1: Control Group**

- 10 practitioners
- · Can be from the same practice

#### What's required?

Participate in a 2 hour induction (11th or 12th January)

- Patient Reported Measures
- Criteria of patients and how to enrol
- Patient data will come to you as a PDF
- Instructions and guidance of how to read & interpret the PREM and PROM data, discuss with patients
- No limit to the patients you enrol
- 2 further check ins: July & October
- Pulse and PX Maturity Surveys
- No Payment
- No system login or installation

#### **Group 2: Active Group**

- 10 practitioners
- · Can be from the same practice

#### What's required?

Participate in 15 hours over 11 months of CPD accredited online learning, coaching and support sessions

- Same implementation of Patient Reported Measures as the control group
- Group program to develop a PX strategy for your practice
- 3 hours of online, on demand learning videos that provide context for change
- Specialist group coaching with a healthcare change professional
- Support from your peers
- No system installation or download
- PROMs and PREMs sent as a PDF

Paid: \$5475 + GST per practitioner (36.5 hours @ \$150 ph)

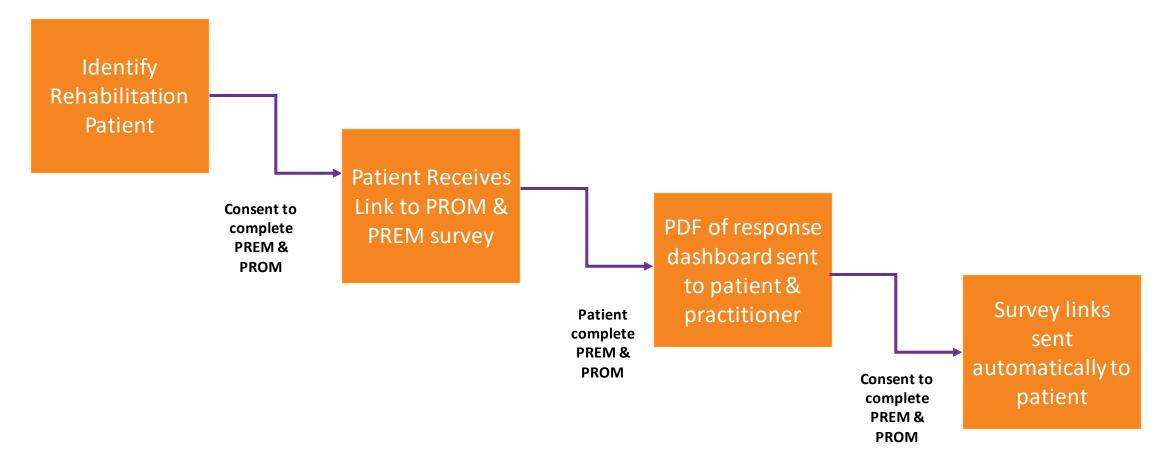

#### **Group 2: Active Group**

Actvitiy - All sessions are 1 hour unless otherwise noted	Key Dates - 2024
Induction session	11 <sup>th</sup> or 12 <sup>th</sup> January
1. Supported learning – Coaching session	19 <sup>th</sup> January
2. Supported learning – Coaching session	24 <sup>th</sup> January
3. Supported learning – Coaching session	31 <sup>st</sup> January
4. Supported learning – Coaching session	7 <sup>th</sup> February
5. Supported learning – Coaching session	14 <sup>th</sup> February
6. Supported learning – Coaching session	21st February
1. Check-in Session	28 <sup>th</sup> February
2. Check-in Session	10 <sup>th</sup> April
3. Check-in Session	8 <sup>th</sup> May
4. Check-in Session	19 <sup>th</sup> June
5. Check-in Session	14 <sup>th</sup> August
Wrap Up session	9 <sup>th</sup> October
Stop data collection	31 <sup>st</sup> October
Group Sharing session – results and reporting.	11 <sup>th</sup> December
